Dear colleagues,

*I am pleased to announce the next international meeting,
Neurotology Matera 2019.*

It will take place in Matera, Italy, on May 24th and 25th 2019.

*This conference brings together researchers who strive towards
understanding complex vestibular problems.*

*Specific topics include cochlear and vestibular implants,
human balance and cognitive function, Menière disease and
Vestibular Migraine, positional vertigo, new vestibular tests.*

*A prestigious faculty of 29 invited speakers will treat these
topics comparing the experiences of excellent experts from all
over the world with that of the best Italian schools of Vestibology.*

Looking forward to welcoming you in Matera,

European Capital of Culture for 2019,

Sincerely
